- A report from the Parish Council was given by Cllr Tony Wooldridge and is attached to the minutes.
- Cllr Wooldridge made particular note of the fact the Graham Nichols had stood down as a councillor after 40 years' service and Councillor Sebastian Cooper after 10 years' service. Both were thanked in their absence and Councillors Steve Tattersall and Steve Teague were welcomed as the two new Parish Councillors.
- A discussion took place regarding the two village defibrillators and the clerk agreed to provide Training & Awareness information through the Parish Council and Kingscote Online websites.

## Tuesday 16<sup>th</sup> May 2023 – Draft Minutes

### **District Councillor Report**

- No District Councillor Report

### **General Matters for Discussion**

- Ongoing Highways matters were discussed including leaving behind confusing signage when works have been completed. The Council continues in its efforts to hold the Highways Department and their contractors to account.
- Last year there was a suggestion that the change of use for the barn behind Hunters Hall for storage could create problems with lorries using the narrow access lane. Councillor Richard Gale explained that his farm had recently purchased the land behind Hunters Hall but although the barn might be used for light industrial storage, he did not expect there to be a significant increase in traffic along the narrow lane. The gateway from the A4135 has been widened to improve access from the main road so that the field can be used for loading sheep and avoid the need for the increasingly large lorries to come through the village.
- Cllr Wooldridge brought up the local Climate Action Group and was aware that no meeting has taken place yet this year. There have been a number of activities such as insulation, heat pumps and other sustainability activities within the parish so he hopes to convene a meeting in the near future.
- There was a general discussion about the Matara Centre and all present were keen to improve links between the Matara Centre and the village. Cllr Wooldridge advised that Mr Higgins is open to suggestions from the local community and will pass on the general willingness to explore how this can be progressed.
